Enabling the Grade Center in Blackboard Collaborate

Blackboard Collaborate is the web conferencing tool that has replaced Wimba Live Classroom. This tool is used for online collaboration.

Grade Center Integration

In Grade Center Integration, you will choose if you would like to add a column to your grade book. Once the session is over, you can pull an attendance report to push the grades to the Grade Center.

1. Choose **ON** for, “Add a grade column?” and choose the number of points the session is worth.

2. Click **View Session Attendance**.
3. Click **Post Attendance to Grade Center**.

For further opportunities to learn about Blackboard Collaborate Web Conferencing, contact the Faculty Resource Center at 205.348.3532 or frc@ua.edu and visit the Faculty Resource Center at [http://frc.ua.edu](http://frc.ua.edu).
