Registering Turning Technology Student Clicker Devices

Clickers must be registered within Blackboard Learn for your instructor to know how you responded to clicker questions.

**Clicker Registration**

To register a TurningPoint clicker device in a Blackboard Learn course, follow the steps below.

1. Open the Blackboard Learn course for your class.
2. Find the link in the menu bar titled Clicker Registration. (This will be different from course to course. The instructor can give this tool link any name of their choosing. e.g Register Clickers Here, Clicker Registration, or Register Clicker).
3. Login with your Turning Technology account to associate it with your blackboard account.
4. Navigate to the device icon
5. Select add a device
6. Locate the **Device ID** on the backside of your clicker. This number appears **below** the barcode on the clicker. (**NOTE:** It is **NOT** the P/N, FCC ID, ACCN, IC, or your CWID).

![Device ID Example]

7. Enter the **Device ID** in the **Device ID** field and click **Register**. You will enter your **Device ID** and click register.

Changing the Channel

Your instructor will tell you what channel your clicker should be set on for your class. The steps below describe how to manually change the channel.

1. Press the Channel button.
2. Use the number pad to enter the new channel number.
3. Once the channel number has been entered, press the button.

Responding
As questions appear on the instructor’s screen, the Clicker prompts you to enter the proper response type. An indicator appears in the top left-hand side of the screen for special question types.

- **123..** Numeric Response question
- **3,1,2..** Multiple Response question with numeric answer values
- **C,A,B..** Multiple Response question with alpha answer values
- **txt..** Fill in the Blank question
- **txt..** Essay question

When sending a response or when a response is successfully received, an icon appears at the bottom of the screen in the middle. The following are graphic representations of these icons:

- ⬤⬤⬤ The response is being sent
- ⬤⬤ The response was sent successfully

**Responding Example Screens**

- Single Response –
- Fill in the Blank -
- Numeric Response -
- Essay -
- Multiple Response -
- True or False –

(1/A True, 2/B False)
