Enabling the Grade Center in Blackboard Collaborate

Blackboard Collaborate is the web conferencing tool that has replaced Wimba Live Classroom. This tool is used for online collaboration.

Grade Center Integration

In Grade Center Integration, you will choose if you would like to add a column to your grade book. Once the session is over, you can pull an attendance report to push the grades to the Grade Center.

Choose ON for, “Add a grade column?” and choose the number of points the session is worth.

View Session Attendance

1. Click the Recordings tab

2. Click the chevron beside the recording and Click View Session Attendance.
3. Click Post Attendance to Grade Center.

4. The grades will be listed in the Full Grade Center.

For further opportunities to learn about Blackboard Collaborate Web Conferencing, contact the Faculty Resource Center at 205.348.3532 or frc@ua.edu and visit the Faculty Resource Center at http://frc.ua.edu.
