Import Blackboard Learn Grades

There are no Blackboard Learn grades found for this course. For assistance, please contact us at blackboard.learn@ua.edu or at 205-348-3532.

Only letter grades can be imported into myBama. Plus/minus grades are allowed for undergraduate courses and A,B,C,D,F for graduate. I, and NC grades will need to be selected from the dropdown in myBama when needed. The UA Office of the Registrar gives the following guidance on permissible grade types: <http://registrar.ua.edu/services/myfaculty/grade-reporting/grade-terminology/>

When a grade of F is assigned, instructors are now required to select a reason for the grade. See <http://registrar.ua.edu/services/myfaculty/grade-reporting/non-attendance-grading/> for more information. See also the FRC tutorial "Non-Attendance Grading in myBama" at http://frc.ua.edu/wp-content/uploads/2012/07/non_attendance_grading_in_mybama-final.pdf

Once midterm or final grades have been imported from Blackboard Learn and checked for accuracy, and any necessary adjustments have been made, click the **Submit** button below the list of student names to complete the grade submission process.

Note: You cannot import Blackboard Learn grades again after you click the Submit button. Make sure the grades that appear in the Grade column are correct before clicking Submit.

If an invalid grade is in the Midterm or Final column in Blackboard Learn, Banner will set that student's grade to NONE. All other grades will be imported and submitted as normal. Please confirm that all grades are in the appropriate format and that they are submitted successfully in Banner by checking the grade submission channel in myBama under the Faculty tab.

For more information, contact the Faculty Resource Center at 205.348.3532
or frc@ua.edu
or visit our website at <http://frc.ua.edu>.
