

TurningPoint – PowerPoint Polling for Mac After Class

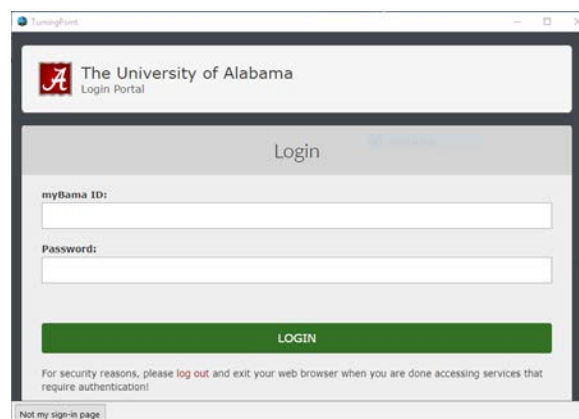

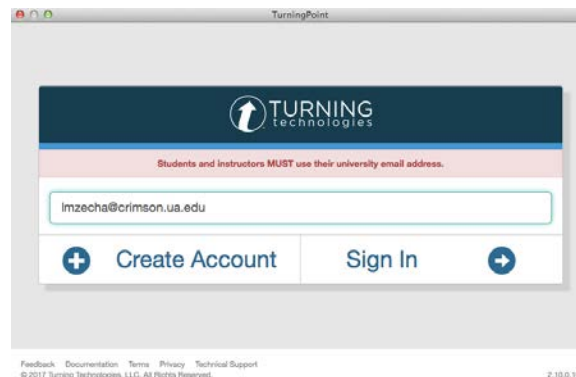

The TurningPoint PowerPoint Polling clicker system allows instructors to ask questions within PowerPoint on a Mac and receive student clicker responses. This tutorial will guide you through using PowerPoint Polling after TurningPoint has been installed on your computer.

Begin by opening the TurningPoint application software.

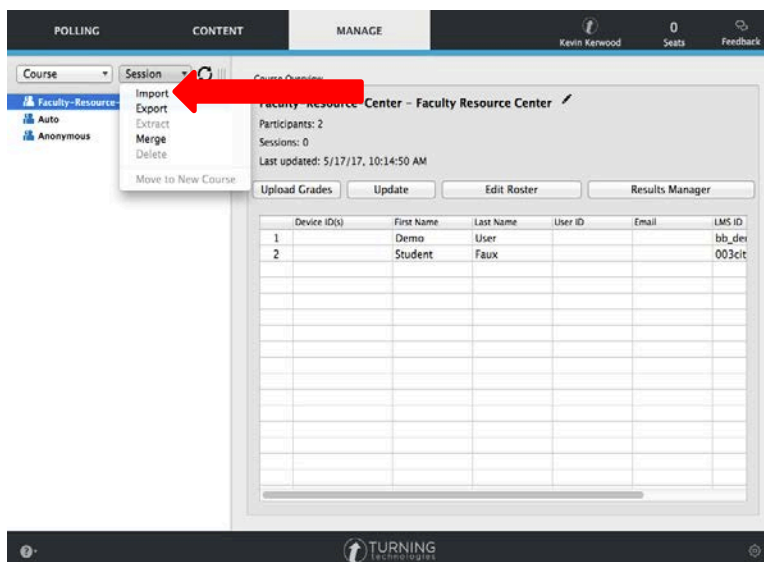

***Note:** If this is the first time you've opened the TurningPoint software, you will have to select North/ South America. Click **Connect**.

Enter your myBama email address and click **Sign In**. On the next screen, enter your myBama username and password and click **Login**.

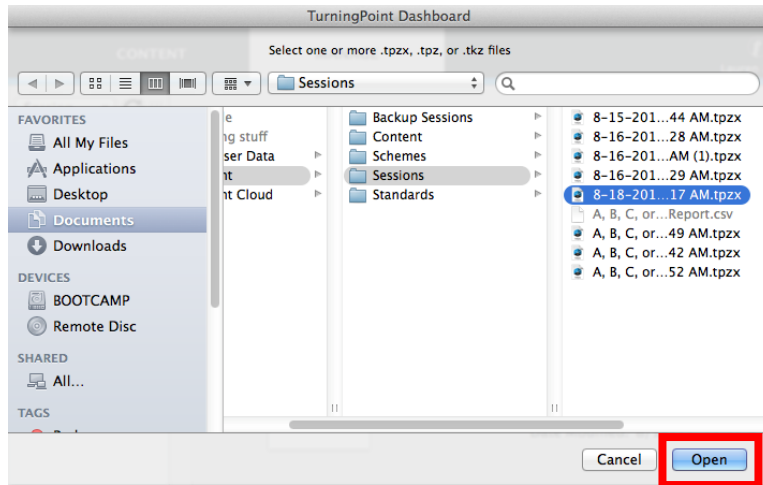

Exporting Results to Blackboard

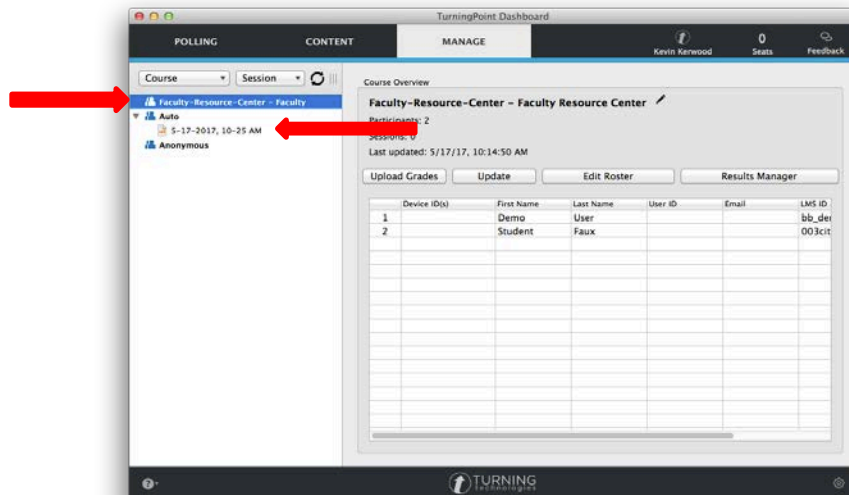

1. Once polling has been completed, click on the TurningPoint tab on the top-left Mac menu bar and select Close and Return to TurningPoint Dashboard. Select the Manage tab.

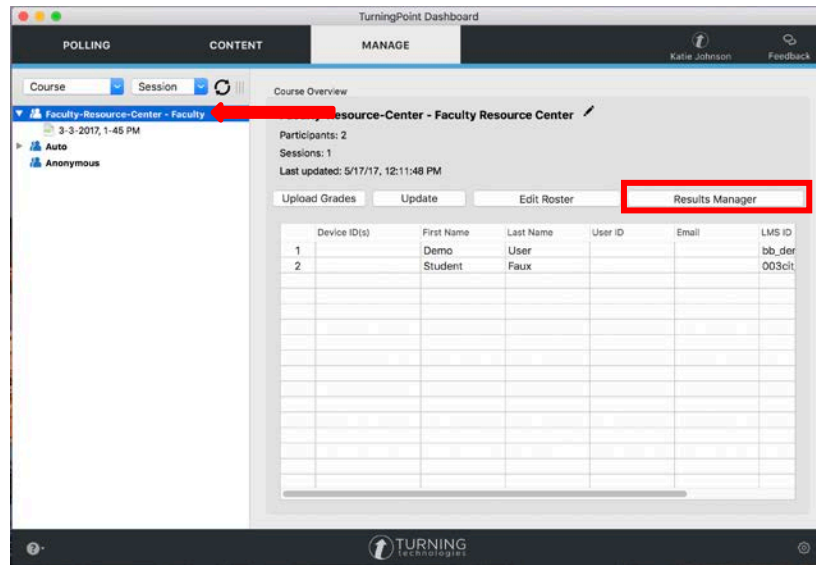

Navigate to your session file and click **Open**. Note: If you did not poll with your participant list attached, your session will go to the **Auto** participant list.

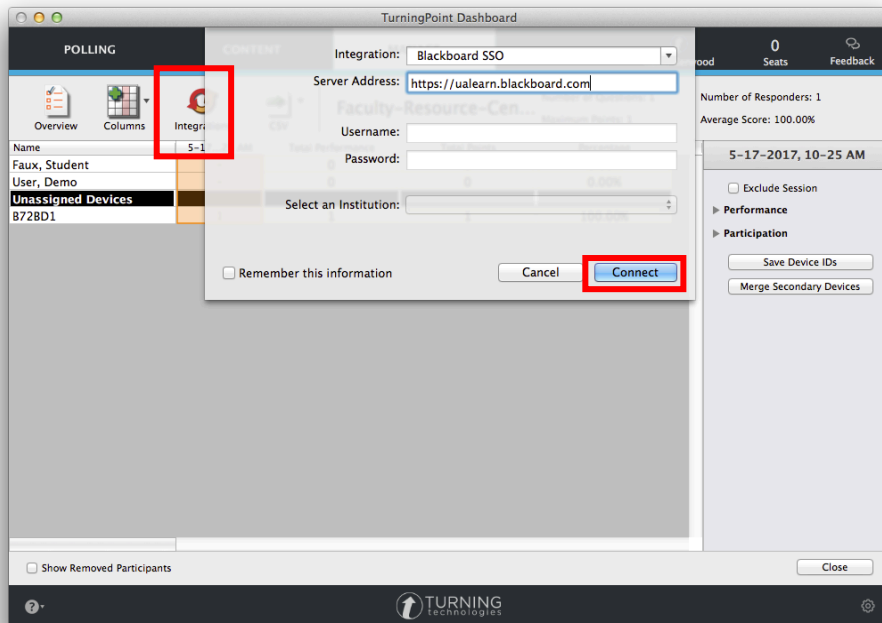

2. Click the arrow to the left of the word Auto, select your newly imported session, and drag the session to the correct participant list.

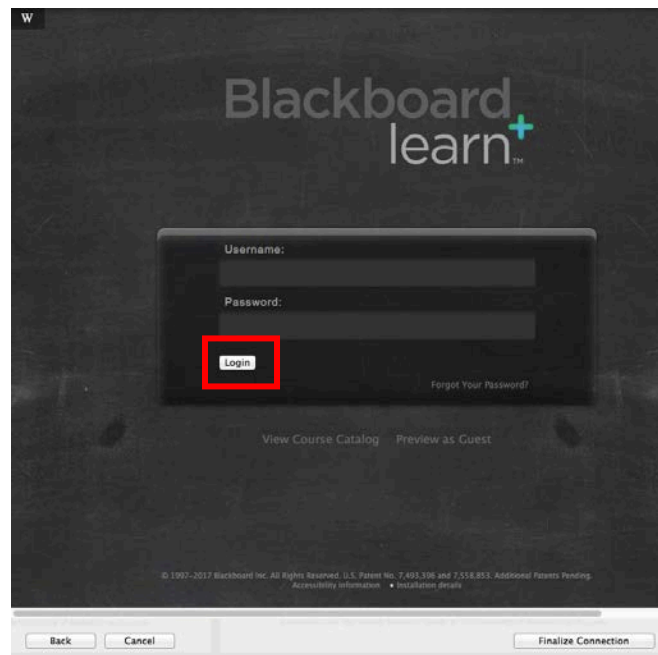

3. Select the **Course**. Click **Results Manager**.

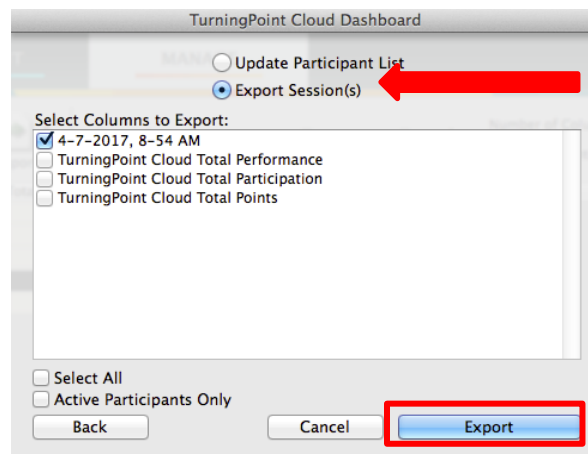

4. Select **Integrations** and then choose **Blackboard SSO** as the Integration. Enter the server address **https://ualearn.blackboard.com** and select **Connect**.

When the Blackboard login page appears, enter your myBama credentials and hit enter or click login.

5. Select **Export Sessions(s)** and then select the column(s) of grades that you will export to Blackboard. Select **Export**.

6. A window will appear informing you how many columns(s) you have selected. Select **Export** to complete uploading grades to Blackboard.
