

TurningPoint Mobile Polling: Displaying Response Buttons Only

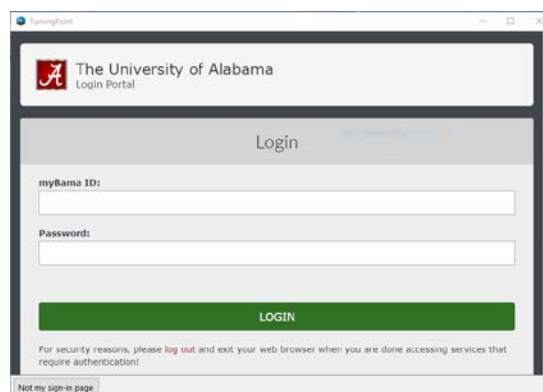

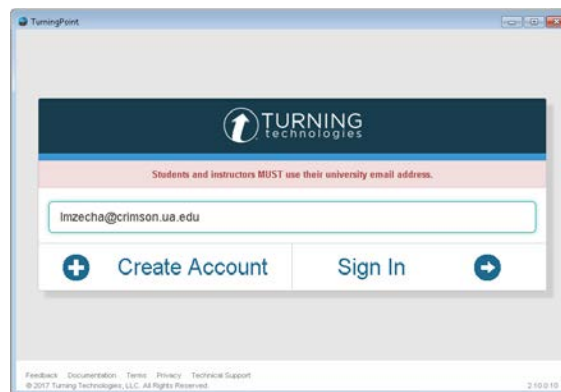

When enabled by the instructor, the TurningPoint Mobile application allows a student to participate in classroom polling through an electronic device. By default, the TurningPoint Mobile screen displays both the open polling question and the participant's response buttons. This TurningPoint 8 tutorial gives instructions to hide polling questions and display response buttons only.

Begin by opening the TurningPoint application software.

***Note:** If this is the first time you've opened the TurningPoint software, you will have to select North/South America. Click **Connect**.

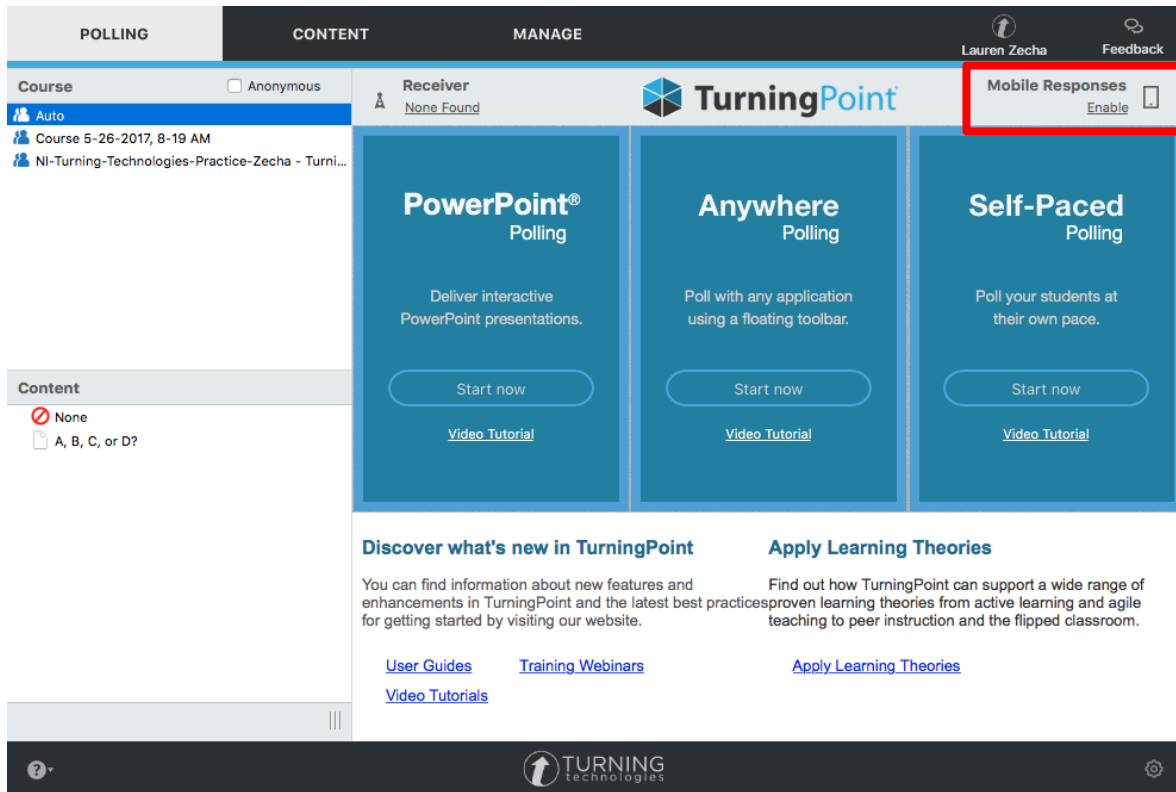

Enter your myBama email address and click **Sign In**. On the next screen, enter your myBama username and password and click **Login**.

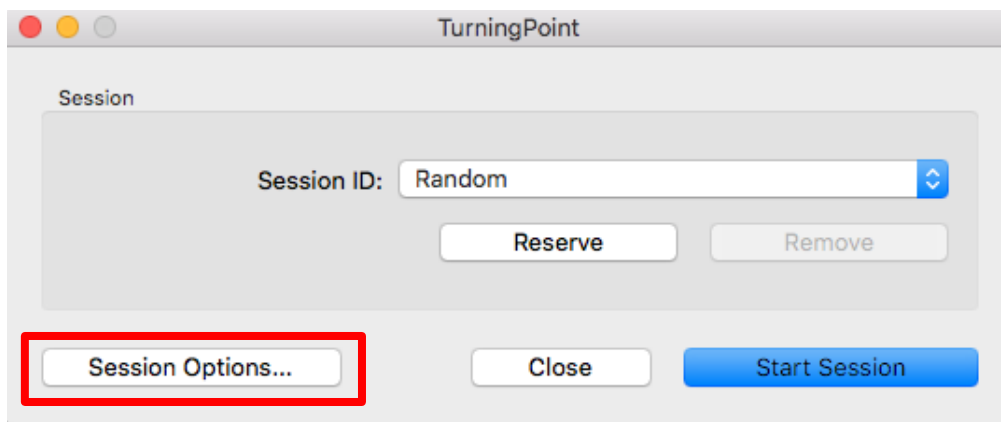

Displaying Response Buttons Only

1. From the TurningPoint dashboard, find the Mobile Responses status in the top-right corner. Click **Enable**.

2. A dialog box will appear. Select **Session Options....**

3. The dialog box will display a set of options. Under **Participant Question Display**, select **Display response buttons only**. Then click **Save**.

Session Options

Participant Session Login Information:

First Name: Optional

Last Name: Optional

User ID: Optional

Email: Optional

Participant Messaging:

Participants may message presenter and all participants

Participants may message presenter only

Disable participant messaging

Participant Question Display:

Display text, images, and content to participants

Display response buttons only

Restore Defaults Cancel Save

4. Click **Close** to return to the TurningPoint dashboard. Students polling through TurningPoint Mobile will no longer see the active polling question on their screens.
